

MATERIAL SAFETY DATA SHEET

Identification:	IMMUVIEW® S. pneumoniae and L. pneumophila urinary antigen test.
Manufacturer name:	SSI Diagnostica A/S 2 Herredsvejen DK-3400 Hillerød Denmark Tel.: +45 4829 9100 Fax: +45 4829 9179 Email: info@ssidiagnostica.com
Hazard identification:	None.
Composition/information on ingredients:	<ul style="list-style-type: none">- Purified antiserum from rabbits coupled to membrane and latex particles fixed on test strips.- Running buffer (contain Sodium azide under hazardous level).
First-aid measures:	None.
Accidental release measures:	None.
Handling and storage:	Store at 15-25 °C.
Exposure controls/personal protection:	None.
Physical and chemical properties:	Solid white lateral flow test w. one control test line (purple/grey), one L. pneumophila test line (blue) and one S. pneumonia test line (pink/red).
Stability and reactivity:	Stable.
Toxicological information:	None.
Ecological information:	None.
Disposal considerations:	As laboratory material.
Transport information:	At 15-25 °C.
Regulatory information:	None.
Other information:	None.
